Illawarra Division of General Practice

Vaccine Fridge Temperature Record

Month: ..... Year: ... ...

Check temperature twice a day in the morning & afternoon and record the current, minimum & maximum temperatures

(Remember to press RESET on the thermometer after recording)

Safe temperature range for vaccine storage is between 2°C – 8°C

Ideally fridge should be operating at around 5°C

If the temperature goes outside the safe temperature range please contact the Illawarra Public Health Unit on Ph: 4221 6700 or the IDGP on 4220 7600
