

Illawarra Leg Ulcer Clinic

Expression of Interest

The Illawarra Leg Ulcer Clinic, based at the Port Kembla Hospital Outpatient Clinic, has been successfully operating for 7 years.

An opportunity has arisen to involve a new **GP** to work as part of a specialised team producing highly effective patient outcomes.

Time Commitment

Each GP is asked to work one clinic each quarter. Clinics operate on a Friday morning.

Reimbursement

Each clinic is fully booked. A new provider number is issued for the GPs working in the clinic and patients are bulk billed items for attendance and for ABI procedures.

Clinic Staffing

Each clinic is staffed by 1 GP, Community Nurses, and an Administrative Assistant.

Clinic Objective

Best practice standards and protocols for professional practice in order to achieve optimum patient care.

- Current quality education of patient, carer, GP and Nurses.
- Promote patient participation and learning in leg ulcer care and prevention
- Coordination of allied health resources.
- Integration & team work.
- Promotion of healing through accurate diagnosis and the use of modern dressing technology.

If you are interested in finding out more about this opportunity please tick the box and **fax back** your details ASAP to Michelle Steele on **4226 9485** or phone on 4220 7600.

Yes I am interested in finding out more about working in the Illawarra Leg Ulcer Clinic
