

SOUTHERN POLYCLINIC – General Practitioner required

Welcome to the Southern Polyclinic. We are a general practice operating in Albion Park Rail since 1998. The Southern Polyclinic (SPC) is located 25 minutes drive South, with both AON and DWS status, as well as standard business sponsorship to support temporary resident doctors. Very much in the style of the old fashioned family clinic the SPC enjoys a very warm and close relationship with its patient community, yet runs as a fully paperless modern office. The SPC has 5 consulting rooms and a huge treatment room.

The practice currently participates in various GP training programs such as the University of Wollongong Graduate School of Medicine student placements and mentoring, the Coast City Country GP registrar training program as well as supervising any AON doctors who come to our practice.

Our practice principal is Dr Ben Lim who has been practicing in the Illawarra and the Southern Highlands for over 35 years. He is an honorary lecturer of the University of Wollongong and is the key supervisor for such educational and training activities in the practice.

We are Bulk Billing practice and believe excellent health care should be accessible to all. We run by appointments but all urgent cases are treated appropriately in the time frame required.

We support an integrated and holistic approach to health care and engage allied health workers such as practice nurse, psychologist and dietitian. Our administration staff and highly experienced and attend regular in house training and development.

Our mission is to provide the community of the Illawarra and Southern Highlands, excellent healthcare in an environment that is respectful of each other, adaptive to change and accountable for outcomes.

- *We aim to treat all patients with dignity and respect*
- *We are committed to promoting health, wellbeing and disease prevention to all patients*
- *We embrace diversity in the community in the provision of excellent healthcare*
- *We strive for excellence in every aspect of the care we provide our patients, from clinical to administrative management*

Doctors wishing to join our practice should contact the practice manager,
Pi Wei Lim on 0422 000 770 and send their CV to plim@people.net.au
